WELCOME

Welcome!

We are glad you are with us this morning. Healing. We all know someone who needs to be made well. From the common cold to paralyzing conditions beginning at birth, we know friends, relatives, and colleagues who need healing. We know those who are debilitated by traumatic events, those who are obsessed, those who can't distinguish between reality and nightmare. The stories at the end of Acts 9 show that God is greater than any brokenness and sin. Jesus heals for more than personal wholeness - though he certainly does that. The gospel promises that healings in this age, as miraculous as they may be, are only temporary first fruits of a final healing that we all long for.

If you are visiting today, we are glad you are here! It is our hope that you'll learn more about what God has done for us through Jesus. Take time to meet others today and explore opportunities to get connected at the Welcome Desk in the lobby. If you have further questions, talk to Jacob Lee (jacob.lee@newlifedresher.org) our assistant pastor, or locate someone with an orange lanyard around their neck.
