We make sure each of our 5 partnering schools has a clean water source for consumption and cleanliness.

Dental care is a huge need among these children, so we periodically check for decay...

The students receive de-worming tablets several times a year to be sure no parasites are robbing them of nutrition.

Special needs, such as surgery or physical therapy for the disabled are also met.

Many thanks to
New Life
Dresher for
supporting last
summer's team
to Kenya.

I'm grateful for the five who came, brought encouragement to Kenyan friends and were expressions of the Gospel.

Using the theme, “God Knows My Name”,
these are some of the ways they served:

Jill, Gai Orphan Group, Mwingi

*Taught the story of Zacchaeus to several children's groups

Gai Orphan Group,
Mwingi

*Helped them memorize Isaiah 43:1, *“Do not fear for I have redeemed you; I have called you by name; you are mine.”*

*Taste-tested the daily porridge

*crafted name
key rings and
other colorful
take-homes with
the kids

Gai Orphan Group,
Mwingi

* Distributed 200 mosquito nets to foster children and their guardians to prevent recurring malaria

*Gifted pre-teen girls with hygiene kits with reusable feminine products, cycle tracker bracelets and health education so they can attend school every day of the month

Gai Orphan Group, Mwingi

*Shared God's love with new friends
